

Addison Aware™ Activity Monitoring

STAY ASSURED.

STAY CONNECTED.

STAY AHEAD WITH CARE.

THE SMART WAY TO MONITOR LOVED ONES—WITHOUT INTRUSIVE CAMERAS

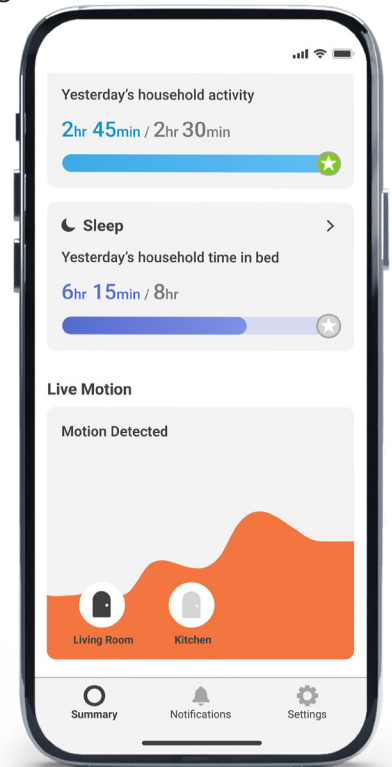

With Addison Aware, four discreet WiFi-enabled plugs transform any home into a connected care hub. Simply plug them into outlets in the bathroom, bedroom, living area, and kitchen, download the app (iOS/Android), and gain real-time insights into your loved one's daily activity—all for peace of mind and proactive health monitoring.

HOW IT WORKS

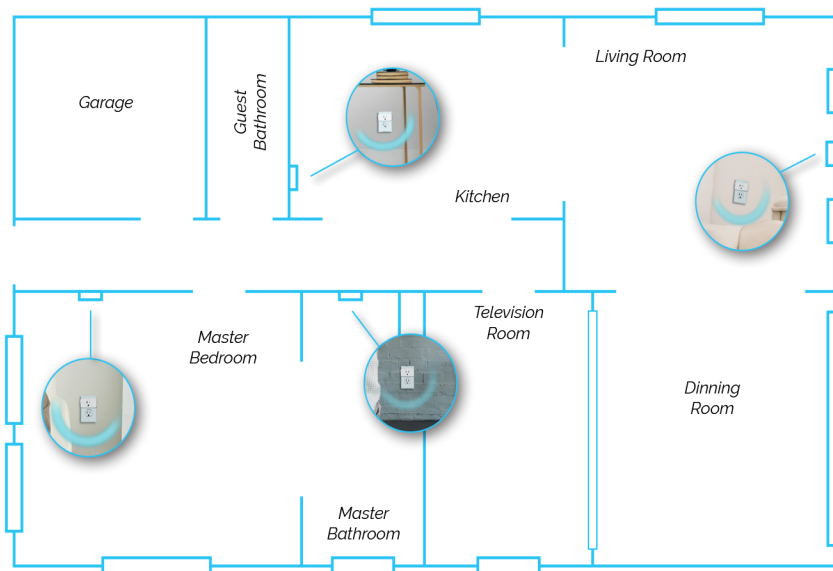

- ✦ Install: Place the four small WiFi plugs in key areas of the home.
- ✦ Connect: Link them to the Addison Aware app in seconds.
- ✦ Monitor: Track general activity, sleep patterns, and more—anytime, anywhere.

KEY FEATURES & BENEFITS

- ✦ Real-Time Connectivity: See at a glance if Mom or Dad is moving through their day as expected.
- ✦ Health Monitoring Made Simple: Detect changes in kitchen or bathroom visits—early signs of hydration, nutrition shifts, or toilet irregularities.
- ✦ Early Identification: Spot increased or decreased activity levels to catch concerns before they escalate.
- ✦ Peace of Mind: Push notifications alert you to rising from bed, failure to rise, or programmable “inactivity” periods (e.g., 2 or 4 hours).
- ✦ Sleep & Activity Insights: View up to 5 days of wake/sleep times and movement patterns.
- ✦ Safety & Security: Non-invasive design respects privacy while keeping loved ones safe.
- ✦ Effortless Awareness: No complicated setup—just plug in and stay informed.

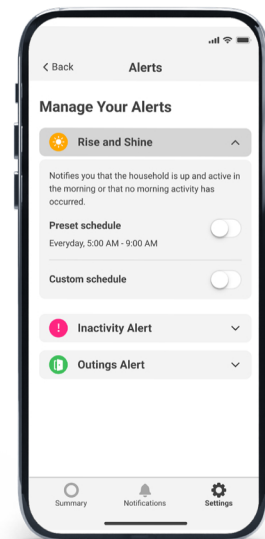

VISUALIZE THE CARE

FLOOR PLAN WITH WALL PLUGS

**Activity Detectors can be placed in up to four different locations to support specific area monitoring objectives.*

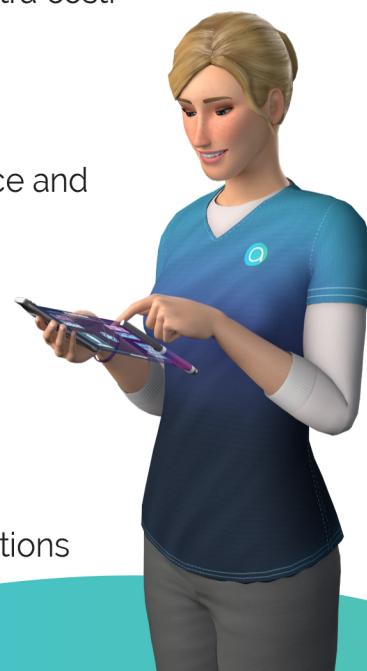

PRICING THAT FITS YOUR CARE PLAN
